Advanced Technology Solutions for Telecom & IP Networks

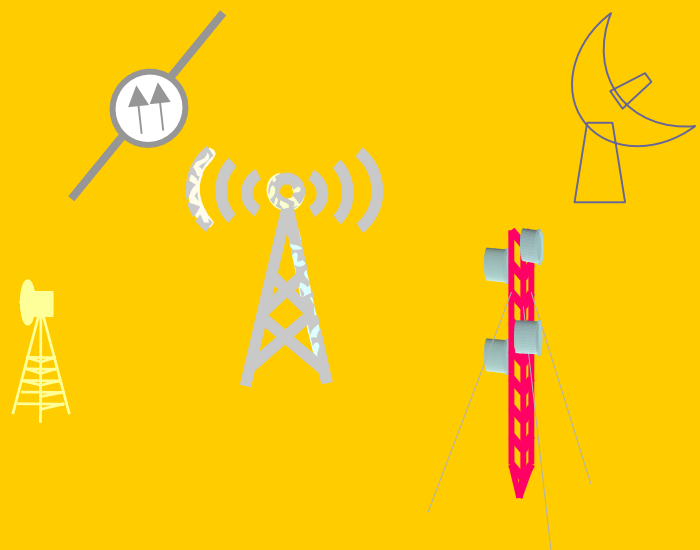

- IPsec Security and Compression Hardware Accelerators
- Network Security and Compression Solutions
- Network Performance Solutions
- Wireless Networks Solutions
- Optical Network Solutions

Easy to use. Easy to Integrate. Call NewCore today for more Information.

Transmission Networks Design and Turnkey Implementation

- Route Design
- Equipment Evaluation
- Field Services
- System Acceptance
- Program Management & Training

Innovative & Custom Solutions. Call NewCore today for more Information.
